

TERRIFIC IS THE FIGHTING IN THE EAST

'German Losses Enormous; Ours Heavy.' Reports Petrograd, Claiming Victories in the South And Block in North of Line

PRISONERS AND GUNS CAPTURED BY SLAVS

Berlin and Vienna Tell Different Tale in Their Official Despatches—Austrians Say Russian Assaults Are Defeated

(Associated Press by Federal Wireless.)
LONDON, September 26.—An official account of yesterday's fighting along the eastern line, which was given out last night at Petrograd, describes the conflict as terrific all along the line, with the Russians generally on the offensive and driving back the Germans with heavy losses. The Russians are likewise losing heavily, but point to the tale of their casualties as evidence of the valor with which they are now attacking.

On the north the Russians are holding their positions and making some gains against von Hindenburg, while in the south they are driving the Austro-Germans back in retreat, pressing them closely and capturing prisoners and guns.

Giving No Respite

After the Austro-German evacuation of Lutsk, where they lost four thousand men, the retreating force continued to lose, the Russians giving no respite.

"The Germans are retreating with heavy losses," says the Petrograd announcement. "Yesterday we captured seven officers and five hundred unwounded men, while the number of wounded falling into our hands is very many. We have also taken one cannon and seven machine guns."

"In the fight before Dubno we captured thirty officers and six hundred men, with one machine gun."

Losses Are Enormous

"The enemy's losses all along the front are enormous. Our heavy losses indicate the valor with which our troops are thrusting back the enemy."

In some portions of the southern line, says the report, the Russians have penetrated the Austro-German positions and are surrounding large forces.

Teutons Report Differently

The Berlin and Vienna despatches form a striking contrast with those from Petrograd. An official Vienna report says that the Russian assaults upon the Austro-German positions along the Volhynian front have been repulsed with heavy losses, while during the past two days the Austrians have taken twenty officers and four thousand men prisoners.

The Berlin reports make no statements regarding the fighting on the right wing but announce that von Hindenburg has advanced his force to within striking distance of Dvinsk.

CHICAGO FACING A VERY WIDE STRIKE

(Associated Press by Federal Wireless.)
CHICAGO, September 26.—Police officials are preparing for trouble to-morrow, when garment workers will walk out. All attempts for policemen have been made, and plans to meet emergencies are being made.

Leaders of the garment workers say that 40,000 workers will walk out, and that the strike probably will be national.

TO CURE A COLD IN ONE DAY
Take LAXATIVE BROMO QUININE (Tablets). Druggists refund money if it fails to cure. The signature of E. W. GROVE is on each box. Manufactured by the PARIS MEDICINE CO., St. Louis, U. S. A.

K-8 WILL KEEP TROPHY IN HAWAII

Wins It From F-3, Which Could Not Compete This Year Because of Salvage

(Associated Press by Federal Wireless.)
WASHINGTON, September 26.—The bronze gunnery trophy for submarines, held by the F-3 of the first submarine division, Pacific fleet, stationed at Honolulu, will not leave Hawaii, although the F-3 was prevented from competing for it by the salvage work of the F-4.

It has been won by the submarine K-8, commanded by Lieut. John W. Lewis, which will be one of the four K-class submarines to be sent to Honolulu next month.

The trophy was designed by Henry Reuter. Fine work of the K-8 had marked her as one of the leading candidates.

Battleships were led in battle efficiency by the dreadnought Michigan; the dreadnought Texas was second and the battleship Georgia was third. The Georgia led in gunnery. The Michigan is commanded by Capt. Albert P. Black, and is in the second division of the Atlantic fleet. The Texas is commanded by Capt. John Hood and is in the first division of the Atlantic fleet. The Georgia is commanded by Capt. Joseph W. O'Connell and is in the third division of the Atlantic fleet. In the destroyer division, the Patterson, fourth torpedo division of the Atlantic fleet torpedo flotilla, commanded by Lieut. John H. Newton, was first. The superdreadnought Wyoming, flagship of the Atlantic fleet, led in battle efficiency and gunnery in 1914.

'RED POPE' FALLS AND RECEIVES HURT OF SERIOUS NATURE

(Associated Press by Federal Wireless.)
ROME, September 26.—Cardinal Gottfried, prefect of the propaganda, fainted in his office yesterday, and fell to the floor striking his head. A slight concussion of the brain resulted. The cardinal's advanced age, eighty-one, makes the injury a source of anxiety. Cardinal Gottfried was born March 20, 1834, and he entered the church through the Carmelite brotherhood. His father was a steward of Genoa.

The cardinal's fall occurred while he was engaged in his work in the Vatican. He was seen by a priest who was sent to restore harmony after the abdication of Dom. Pedro, when a serious problem was before the church in legislation and the condition of the clergy. The archbishop's success was so pronounced that he rose to the college in 1895.

In 1902 he was named successor to Cardinal Lechowski as prefect of the propaganda after the latter's death in 1902. In that office he is known as the Red Pope, in contradistinction to the Black Pope, the general of the Jesuits, and to the Supreme Pontiff, the White Pope.

MILITIA OFFICER AND WIFE MURDER VICTIMS

(Associated Press by Federal Wireless.)
PRINCETON, Wisconsin, September 26.—Bodies of Capt. Robert Mueller, Wisconsin National Guard, and Mrs. Mueller were found in the smoldering ruins of their summer cottage here to-day. Their skulls had been crushed and the cottage had been fired to cover up the murder, but, although it was burned, evidence of the murder remained in the walls. The murder is unsolved. Mueller formerly was teller of the First National Bank of Milwaukee.

COMPARATIVELY SMALL DAMAGE IN ENGLAND

(Associated Press by Federal Wireless.)
LONDON, September 25.—A special committee reported to the treasury department as to the extent of the damage and loss of life of the aerial raid made by the Germans previous to June 15, and also including the bombardment of Hartlepool, Scarborough and Whitby by German cruisers many months ago. The committee reported 697 claims for personal injury, of which 178 were fatalities, and over \$100,000 claims for property damage already investigated.

HOLLAND-AMERICAN FREIGHTER SUBMARINED

(Associated Press by Federal Wireless.)
LONDON, September 25.—The Holland-American freighter Famidisk has been sunk by a German submarine. The steamer Franchise landed the crew to-day, having picked them up from small boats.

BORDER TROUBLES ARE BRINGING TO AN END PATIENCE OF TEXAS

WHERE U. S. TROOPS ARE ON THE BORDER

WASHINGTON, September 26.—Below is the War Department's statement of the position of the United States forces on the Mexican border. This outline is not represented to be absolutely accurate, as Gen. Funston has authority to move these forces from point to point without consulting Washington, but it is the War Department's best information:

1. Alpine, Texas—A, Thirteenth Cavalry.
2. Fort Bliss, Texas—Fifteenth Cavalry; Signal Corps, Twentieth Infantry.
3. Brownsville, Texas—A, B, C and D, Third Cavalry; B and E, Fifth Field Artillery; Twenty-sixth Infantry and a detachment of the aero squadron.
4. Columbus, New Mexico—F, G, H and M, Thirteenth Cavalry.
5. Calexico, California—B and M, First Cavalry.
6. Fort Clark, Texas—A, D, E, F and G, Fourteenth Cavalry.
7. Culberson's Ranch, New Mexico—F, Ninth Cavalry.
8. Del Rio, Texas—B and H, Fourteenth Cavalry.
9. Douglas, Arizona—A, B, C, D, E, F, G, H, I, J, K, L, M, N, O, P, Q, R, S, T, U, V, W, X, Y, Z, and AA, Sixth Field Artillery, and Twenty-second Infantry.
10. Donna, Texas—D, Twelfth Cavalry.
11. Eagle Pass, Texas—C, Fourteenth Cavalry; F and D, Field Artillery, Seventeenth Infantry.
12. El Paso, Texas—A, Fifth Field Artillery, Sixth and Sixteenth Infantry.
13. Fabens, Texas—K, Fourteenth Cavalry.
14. Hachita, New Mexico—E and G, Ninth Cavalry.
15. Harlingen, Texas—A and B, Twelfth Cavalry.
16. Fort Hancock, Texas—E, Thirteenth Cavalry. The Sixth Cavalry and Fourth Infantry are under orders to proceed to Harlingen.
17. Laredo, Texas—E, Sixth Field Artillery, and Ninth Infantry.
18. Lockie, Texas—K, Tenth Cavalry.
19. Mercedes, Texas—C, Twelfth Cavalry.
20. Mission, Texas—G and H, Third Cavalry.
21. Marfa, Texas—C and D, Thirteenth Cavalry.
22. Fort McIntosh, Texas—L, K, L, and M, Fourteenth Cavalry.
23. Naco, Arizona—C and I, Tenth Cavalry.
24. Nogales, Arizona—F and H, Tenth Cavalry; C and D, Sixth Field Artillery; Twelfth Infantry and Company D.
25. Rio Grande City, Texas—E and F, Third Cavalry.
26. Fort Huachuca, California—Twenty-eighth, Thirtieth, Thirty-first and Thirty-second Companies, Coast Artillery.
27. San Diego, California—A, K, D and L, First Cavalry.
28. Sierra Blanca, Texas—B, Thirteenth Cavalry.
29. Slaughter's Ranch, Arizona—H, Ninth Cavalry.
30. Yuma, Texas—H, Thirteenth Cavalry.
31. Yuma, Arizona—D, Twelfth Cavalry.

DUMBA MUST GO AWAY TO STAY GRAVE FEARS FOR HARVARD WERE FELT

Recall 'On Leave' Does Not Meet S. O. S. Signal Received, But Liner Reported Herself Safe At An Early Hour

(Associated Press by Federal Wireless.)
WASHINGTON, September 25.—The United States with sharp insistence is repeating its representations to the Austrian government that Dr. Constantin Theodor Dumba, the Austrian ambassador, is persona non grata to this country and must be recalled.

Following the revelation of Doctor Dumba's implication in plots to harass American munitions and manufacturing, the United States requested the recall of the ambassador. Doctor Dumba called to the foreign office a request that he be granted a leave of absence. Now the American ambassador at Vienna, Frederick Courland Penfield, has been instructed to make it entirely clear to the Austrian government that the United States insists on the recall of Doctor Dumba. Ambassador Penfield is ordered to state that a leave of absence for the ambassador will be thoroughly unsatisfactory to the American government.

BROADWAY SUBWAY COLLAPSES AND A WOMAN IS KILLED

(Associated Press by Federal Wireless.)
NEW YORK, September 26.—The second big street accident within a few days occurred here yesterday, when the subway on Broadway, between Thirty-eighth and Thirty-ninth streets, collapsed at eight o'clock last night. More than a score of people were precipitated into the pit that formed.

One woman was killed and another seriously injured, while two men were taken from the pit with broken bones. More than twenty were rescued unhurt.

It is believed that the caving in of the subway is the result of the weakening of the supports and there is no disposition to believe that the affair is the result of any plot.

JAPANESE EDITORS TO VISIT EXPOSITION

(Special Cable to Hawaii Ship.)
TOKYO, September 25.—The party of prominent Japanese editors left Yokohama today for San Francisco, where they will remain for some time visiting the exposition, and studying labor conditions on the Pacific Coast. They will arrive in Honolulu on October 4.

CONSTANTIN AND VENEZUELOS CONFER

Greece Will Live Up To Treaties Whatever the Cost, Says The Premier

(Associated Press by Federal Wireless.)
ATHENS, September 26.—King Constantine and Premier Venizelos conferred yesterday regarding the military situation and the general plans of Greece for the preservation of her continued neutrality. The measures already taken meet with the approval of the king, who also agreed with his premier as to the further steps necessary.

Following the conference it was announced that Greece would maintain her treaty obligations, whatever the cost.

AMERICAN GREEKS ARE ORDERED TO REPORT

HARTFORD, Connecticut, September 25.—Greek reservists here have received orders from the consul-general in New York to report to the consuls immediately. The government is paying their transportation.

KAWIKI FARMERS TO BUILD NEW MILL

Will Have Thousand-Ton Crop of Sugar in 1917

"R. Renton Hind, consulting sugar house engineer of the Honolulu Iron Works, arrived in Hilo on the Mauna Kea Thursday," says the Hilo Tribune. He is inspecting all the sugar mills on this island and to consult with the Kawiki Sugar home steads' new corporation regarding the construction of a new sugar mill at the foot of the Kawiki homestead lands, just outside of Hilo.

Mr. Hind has been chief engineer of Ewa Plantation since 1912, and has only recently taken his present position with the Iron Works. This is his first visit to this island in his new capacity. He will make the rounds of this island and then make similar trips to Maui and Kauai, returning to Honolulu in time for the engineers' convention in the latter part of next month.

New Kawiki Mill. The new mill will cost over \$40,000, according to M. de F. Spicola, of the Kawiki company, and will have a capacity of 100 tons of cane per twenty-four hours. It will be all new and of the latest modern type. "We had expected to get a mill for about \$30,000," said Mr. Spicola, "but the war has sent up the price of the raw material and we have to stand the difference."

"While Mr. Hind is here, it is expected, arrangements will be completed for the new mill, which is to be ready for work by April next, when the plantation will have a crop of about 250 acres ready for it. The crop for the year 1917 will be from three or four hundred acres. Between a thousand and fifteen hundred acres are available for future years."

A "Small Farmer's" Plantation. Fifty homesteaders have signed long term contracts with the mill for their cane and there are about thirty more who are expected to make similar contracts. Every one of these contracted with the mill is a stockholder in the company. Nearly all are Portuguese, but there are a few Japanese, and the company has recently been receiving inquiries from numerous other Japanese planters who would like to acquire land and come in.

The first plan of the Kawiki growers was to have their grinding done by the Hawaii Mill Co., and negotiations were opened with Manager Henderson. It was found that the scheme was impracticable, however, owing to the expense of a firm to carry the cane to the mill and difficulties over rights of way.

JAPANESE BOY RUN OVER AND ARM BROKEN

Noboru Kinjo sustained a broken arm yesterday morning by being run over by a hack on King street near Aala lane.

About half past eleven o'clock hack No. 148, going toward Palama, turned into Aala lane. Three boys stepped out of the curb and Kinjo ran in front of the vehicle.

His companions called to him to come back and in doing so he was knocked down by the horse. A wheel passed over him breaking his left arm near the shoulder.

The driver took the injured boy to the residence of Dr. J. Ishida on Vineyard street, where his injuries were dressed, after which the hackman drove the lad to his home.

ANGLO-FRENCH ADVANCE HAS BEEN BEGUN

Both Allies Have Been Repulsed With Heaviest Loss To the French, Says Official News Issued By Berlin War Office

PARIS REPORTS TELL OF NUMBER OF GAINS

London Generalizes On the Activity On All Fronts On Land and Sea and On Balkan Situation, Where Diplomats Still Work

(Associated Press by Federal Wireless.)
LONDON, September 26.—There are general land and sea movements on the part of all the forces in the great war, while Greece is mobilizing rapidly and Bulgaria is arming, both preparing to play their part in the great drama, yet both declaring that they are prepared only to maintain the neutrality of their territory.

Berlin reports that the long-expected offensive of the Allies on the western front has been launched, with disaster both to the British and the French. The press bureau here makes no statement to indicate that the general offensive is under way, but refers to isolated fighting along the western front.

French Lose Heavily

The German official statement says that yesterday the Anglo-French general advance was begun, the infantry attempting to rush the German positions in a number of places, following a terrific artillery bombardment lasting for fifty hours. On the north the British wing was repulsed, while the French were also driven back, in their retreats losing heavily at Souchez and Neuville, north of Arras, and in the Argonne.

A Paris communique, issued from the war office, announces that the fighting described in the Berlin message as having taken place north of Arras resulted in substantial gains for the Allies, the British and French advancing simultaneously against the labyrinthine, securing a foothold in the German positions and holding them against all the heavy counter attacks. There was hand to hand fighting, which continues.

Gains Along the Aisne

The French coast batteries also assisted the British fleet in the bombardment of the German positions at Westende and Middelkerke.

On the French center, at Suippes on the Aisne, the German first line trench was captured and is now occupied, while a German munition depot at Beuvrains was downed by the French artillery.

ITALIAN MINISTER OF MARINES RESIGNS

(Associated Press by Federal Wireless.)
ROME, September 26.—Leonello Viale, the minister of the navy, yesterday tendered his resignation on the grounds of ill health. The resignation was accepted.

ESCAPED FILIPINO CAUGHT IN KAKAOKO

Chief of Detectives McDuffie yesterday arrested Emencio de la Cruz in a house on South street.

Emencio, about a month ago, escaped from a prison gang working at Moiliili quarry.

Filipinos brought word to McDuffie that the missing man was living in a house on South street and yesterday the chief visited the place and gathered the escaped Filipino in.

Emencio is believed to have committed a number of petty depredations in the Kaimuki and Kapahulu districts since his escape.

The Filipino was on April 20 sentenced by Judge Parsons of Hilo to not less than five years and not more than twenty years on four charges of burglary in the first degree.
